Subject Fw: Draft Agenda for Meeting on Gulfco

Don - here it is. I told Howard I would get back to him (re: the "concerns & real issues" & a time for the conference call) after we talk on Tuesday. The conference call may be with Rafael Gonzalez, John Smith, & Howard Fribush.

Later,

Gary Miller
Remediation Project Manager
EPA Region 6 - Superfund (6SF-RA)

Subject Fw: Draft Agenda for Meeting on Gulfco

If I'm reading this correctly, the PRP's attorney is contacting Scott Sherman for his "suggestions on the agenda" for their meeting with the region on January 16 re Gulfco. See Barnes' request, below that we contact the region. I think they should know that the law firm has contacted HQ, but we shouldn't imply that such contact will influence any decision on the site. Could someone follow through per Barnes' request?

My sense is we say very little if anything. Of course as always we would review and approve the deletions package and the PCOR should either come to fruition. Is there anything else we could offer. I look at the agenda and without any facts what so ever it sounds like they want to move very fast and possibly not give the north area the attention that it may need??

Could someone call Gary Miller (the RPM - or his boss) and see if there is anything we can do or assistance we might be able to provide? Also can you please find out what Gary's concerns may be at the site and what the real issues are? I will shoot Scott an interim reply but it would be good if I could hear back in a couple of days.

Barnes - Would you take a look at this and offer any comment that you may have, as well as thoughts for OSRTI assistance to the Region?

Thanks - Scott

Subject Draft Agenda for Meeting on Gulfco

Scott:

Last week we had a very good meeting with Dan Eden and Alan Batcheller of TCEQ to provide an update on our progress at Gulfco and our goals for the upcoming meeting with the Regional Office. Dan is supportive of our goals. Alan plans to speak to Sam and determine whether he should attend the meeting. Our meeting with the Region is scheduled for the 16th at 1:30. We have shared a draft agenda with both Sam and the Project Manager for the site. I am attaching a copy for you and Barnes. If you have any suggestions, please don't hesitate to offer them.

Hope your holidays were joyous and safe. Thanks again for your support and encouragement on this project.

Best wishes, Jim
